Section 1: Identification of the preparation and of the company

Product Name	ETICS Pure Gold
Application	External Wall Insulation & Specialist Renders Digester
Manufacturer	<p>Oleonix Limited Units 5 Redgrave Business Centre Gallows Hill Redgrave Diss Norfolk IP22 1RZ</p> <p>Tel. +44(0)1379 898934</p> <p>EMERGENCY TELEPHONE</p> <p>Tel. +44(0)1379 898934 Hours of operation 9.00 - 17.00 Mon-Fri</p>

Section 2: Hazard Identification

This product is not classified as hazardous to humans or the environment

Section 3: Composition / Information on Ingredients

This product does not contain substances at concentrations presenting a health hazard within the meaning of the CHIP regulations

Section 4: Composition / Information on Ingredients

Inhalation	Mists from the product when heated may cause irritation to the nose throat and respiratory system. Move the exposed person to fresh air at once. Get medical attention if any discomfort continues.
Ingestion	Swallowing large quantities of concentrated product may cause nausea, diarrhoea, irritation of mouth, throat and stomach. NEVER MAKE AN UNCONSCIOUS PERSON VOMIT OR DRINK FLUIDS! Rinse mouth thoroughly. Get medical attention if symptoms persist.
Skin Contact	Prolonged contact with concentrated product may cause mild irritation in susceptible individuals. Remove contaminated clothing. Wash the skin with soap and water.
Eye Contact	Prolonged contact with concentrated product may cause irritation. Effects are short acting and no long term injury is envisaged. Make sure to remove any contact lenses from the eyes before rinsing. Promptly wash eyes with plenty of water while lifting the eye lids. Continue to rinse for at least 15 minutes.

Section 5: Fire Fighting Measures

Extinguishing Media	This product is not flammable or combustible. Use fire-extinguishing media appropriate for surrounding materials
Specific Hazards	Fire creates: Toxic gases from packaging/vapours/fumes of Carbon monoxide (CO). Carbon dioxide (CO ₂).
Protective Measures In a Fire	Self contained breathing apparatus and full protective clothing must be worn in case of fire.

Section 6: Accidental Release Measure

Personal Precautions	Product in concentrate may be slippery if spilled. Flush with water into normal sewage system.
Environmental Precautions	None. Product is safe to dispose of in normal sewage system.
Spill Clean up Methods	Stop leak if possible without risk. Absorb in vermiculite, dry sand or earth and place into containers. Flush with plenty of water to clean spillage area.

Section 7: Handling and Storage

Usage Precautions	Read and follow manufacturer's recommendations. Normal ventilation is adequate . Do not get in eyes. Wash hands thoroughly after handling.
Storage Precautions	Store in tightly closed original container in a dry, cool and well-ventilated place. Keep in original container

Section 8: Exposure Controls / Personal Protection

Engineering Measures	General room ventilation is adequate.
Respiratory Equipment	No ne normally needed, but disposable respiratory protection may be required under exceptional circumstances when excessive mist levels exist.
Hand Protections	Not normally required. Use PVC or rubber protective gloves if skin exposed to contact over long periods
Eye Protection	If risk of splashing concentrated product, wear safety goggles
Hygiene Measures	No specific hygiene procedures noted, but good personal hygiene practices are always advisable, especially when working with chemicals. Wash at the end of each work shift and before eating, smoking and using the toilet. Remove any clothing that becomes contaminated.

Section 9: Physical and chemical Properties

Appearance	Slightly viscous liquid with a light, pleasant odour
Colour	Gold or clear coloured
Solubility	Completely miscible in water.
Boiling Point (°C)	≈100 °C
Relative Density	1.0 to 1.01 @ 20 °C
PH Value, conc. Solution	11.3–11.6
Volatile organic compounds	Nil.

Section 10: Stability and Reactivity

Stability	Stable under normal temperature conditions and recommended use.
Conditions to avoid	Avoid excessive heat for prolonged periods of time.
Materials to avoid	Strong oxidising substances.
Hazardous decomposition products	Fire creates: Carbon monoxide (CO) & Carbon dioxide (CO ₂).

Section 11: Toxicological Information

Inhalation	Not relevant at normal room temperatures.
Ingestion	May cause discomfort if swallowed. May cause stomach pain or vomiting.
Skin Contact	Liquid may irritate skin if prolonged contact.
Eye Contact	Splashes may irritate.

Section 12: Ecological Information

Ecotoxicity	Non-toxic; non-hazardous; safe for the environment. Readily biodegradable.
-------------	--

Section 13: Disposal Considerations

Disposal Methods	Recover and reclaim or recycle, if practical. Dispose of waste and residues in accordance with local authority requirements
------------------	---

Section 14: Transport Information

General	Not classified as dangerous according to the Approved Carriage List. Not classified as a Dangerous Goods according to the UN, DOT (US), ICAO (IATA) or IMO (IMDG)
---------	---

Section 15: Regulatory Information

Risk Phrases	NC Not Classified
Safety Phrases	NC Not Classified
EU Directives	Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, including amendments
Statutory Instruments	Chemicals (Hazard Information and Packaging) Regulations.
Approved code of practice	Classification and Labelling of Substances and Preparations Dangerous for Supply.

Section 16: Other Information

There are no risks phrases allocated to this product.

Disclaimer

The health hazards given in this Material Safety Data Sheet apply to this product in its concentrated form and may differ significantly at use dilution. The signs and symptoms of overexposure apply only to negligence in handling or misuse of the concentrated product and not to the routine exposure to the product, if diluted, under conditions of ordinary use. Follow good working practice: handle with care, avoid ingestion, inhalation, eye or prolonged skin contact. Since we cannot anticipate or control the many different conditions under which this information & our products may be used, each user should review these recommendations in the specific context of the intended application & confirm that they are appropriate
